**Pepsi  
Now!**

*Dr. Gerald Tomanek  
President*

## **The Number One Fan of Fort Hays State University is . . .**

**Dr. Gerald (Jerry) Tomanek.** Dr. Tomanek and his lovely wife, Ardis, are virtually permanent fixtures at Tiger home football and basketball games. The couple also attend many road contests as well.

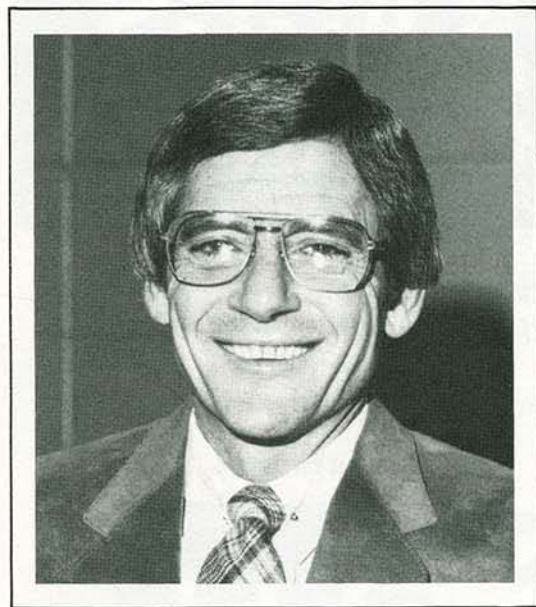

Since 1947, Dr. Tomanek has been a part of Fort Hays State University serving in several capacities. On January 17, 1976, Dr. Tomanek was named the seventh President of Fort Hays State University. Dr. Tomanek holds two degrees from the University and has his doctorate in Botany from the University of Nebraska.

Several honors have been bestowed on the expert of grassland ecology and range management. The highest

of which came in the early spring of 1979 when Governor John Carlin decreed Dr. Tomanek as "Kansan of the Year".

Dr. Tomanek recognized the need for strong academics and the need for excellent administration in an institution of higher learning. The President knows also the importance that athletics can play in institutional success.

"I am very proud of our total athletic program, and it is an integral part of our total university," said Dr. Tomanek. "Young men and women are very fortunate to participate in intercollegiate athletics and can learn valuable lessons like friendship and teamwork in a way that will enhance their horizons."

*Tom Stromgren  
Athletic Director*

**Tom Stromgren is in his third year** as Director of Athletics at Fort Hays State University.

Lured by a desire to return to FHSU and the "challenge to see Fort Hays State grow into one of the best NAIA schools in the nation," Stromgren was named the Tigers' current Athletic Director in July, 1981.

For Stromgren, the appointment was a triumphant return to the school where his coaching career had ended 10 years earlier. Before coming to Fort Hays State in 1969 as the Tigers' Head Football Coach, Stromgren had earned his Master's degree at the Kansas State Teachers College of Emporia. After leaving the college setting in 1971, Stromgren entered private business and had enjoyed that venture for 10 years.

The last two years, as Athletic Director, Stromgren has been instrumental in implementing the Tigers' Foster Parent and Academic Counseling Programs. In addition, he has overseen the Lewis Field Stadium housing renovations and worked to steadily increase the number of season ticket holders at FHSU.

Always an innovator, Stromgren possesses integrity, enthusiasm, fund-raising skills, a successful business background and a knowledge of western Kansas, which has enhanced both Tiger Athletics and Fort Hays State University.

Besides being able to save you money on the initial construction of your next building, we can help you avoid high utility bills and potential shutdowns through proper application of insulation.

We give you certified (not calculated) insulation values for installed roof and wall systems. So you know before you build your building how it will perform.

Our MR-24" roof system is the most energy efficient in the world. It is designed to keep the elements out. And expensive heated or cooled air in.

We also offer you numerous attractive, yet energy-efficient wall options.

With utility costs rising, there's never been a more important time to have a builder who knows energy planning. Call us.

# TIGER BOOSTER CLUBS

Contributors to the Fort Hays State University athletic program can join one of several booster clubs depending on the amount of their contribution.

The Black and Gold Club is for contributions of \$5 to \$99. Features of this club include a membership card entitling holder admittance to Tiger Rooms, schedules of athletic events, the athletic newsletter, priority on purchase of football and basketball season tickets and special events and travel.

A \$100 to \$499 donation enables contributors to be classified as Century Club members. Besides the above-mentioned features, members receive a plaque with name, reserved parking space at athletic events, name listed on Athletic Board and a card decal.

All-American Club status is achieved with a contribution of \$500 to \$999. Club members, in addition to the features of the Century Club, are entitled to varsity brochures, VIP parking, coaches letters and after-game parties.

The highest level of membership is the President's Club for contributions of \$1000 or more. President's Club members have top priority on purchase of football and basketball season tickets, VIP parking, and are eligible for all the features of the other clubs.

Another popular booster club at Fort Hays State University is the Tiger Beef Club. Membership in the Beef Club is awarded to interested boosters who contribute a steer or cash (\$250 or more which is used to buy a steer) each year. Proceeds from the sale of such livestock go directly into the department's budget. Beef Club Members receive similar benefits as do members of the Century Club.

# '83 COACHING STAFF

**JIM GILSTRAP**  
Head Coach

## Jim Gilstrap . . . Head Coach

Jim Gilstrap enters the 1983 campaign as one of the Tigers' most successful football coaches in recent history. Under his guidance, FHSU has posted back-to-back winning seasons (1981 = 6-5; 1982 = 6-3-1 which is a feat that hadn't been matched since 1966.

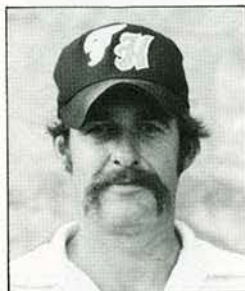

The popular South Bend, Indiana, native came to Fort Hays State in 1980 as an assistant coach. In 1981 Gilstrap was promoted to head coach, replacing Bobby Thompson. In the transaction, Gilstrap became FHSU's 16th head football coach.

Prior to coming to FHSU, Gilstrap served two seasons as offensive line coach at Western Michigan. He also has coaching experience at Kansas State, Edinboro State, Illinois State, Case Western Reserve, and Culver Military Academy. The past summer he was selected to coach the defensive line of the Saskatchewan Roughriders in their pre-season camp.

Gilstrap holds a Masters degree in Education from Southern Illinois and his Bachelors degree from Western Michigan in English and Physical Education.

**BOB BAILEY**  
Offensive Coordinator

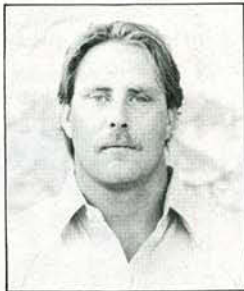

**JOHN VINCENT**  
Defensive Coordinator

**BRAD BROWN**  
Head Trainer

## FORT HAYS STATE vs. MISSOURI WESTERN STATE COLLEGE

After getting back on the winning track last Saturday with a 43-10 victory over Emporia State, FHSU will be attempting to tie the school record for most victories in a season today. Hosting the Griffons of Missouri Western State College, the Tigers will be looking to notch their 8th victory of the year. The only other season FHSU has recorded as many wins in a single season was 48 years ago when the 1935 team went 8-2.

The Tigers enter the contest at 7-3 overall and 3-3 in the CSIC while Missouri Western comes to town right at .500 with an overall mark of 5-5 and an identical 3-3 CSIC record.

Last Saturday in St. Joseph, the Griffons recorded an impressive 61-14 victory over Pittsburg State in their last home stand of 1983.

FHSU leads the young seven game series, 5-2-0. Last season in St. Joseph, the Tigers came away with a 15-13 victory.

The Tiger Football team would like to take this opportunity to welcome all football recruits to Northwest Kansas and Fort Hays State University. We hope to see you back in Hays soon, wearing the Black and Gold.

## TIGER PLAYERS OF THE WEEK

The following Tiger football players have been selected as FHSU Players of the Week for their efforts in last week's game with Emporia State. The selections are made weekly by the Tiger Coaching Staff and are based on the film evaluation of each week's game.

Macon, Missouri teammates Lee Walker and Robert Long were the Tigers' co-offensive players of the week. Walker gained 197 yards on 26 carries and he also scored two touchdowns for the day. Long set a school record throwing 5 touchdown passes. For the day he completed 18 of 30 passes for 330 yards.

On defense, The Player of the Week honors were awarded to linebacker Brad Wilkinson who was credited with 9 tackles.

FHSU's Specialty Award was given to defensive back Gary Woods.

# 1983-84 Tiger Season Basketball Outlook

by Bob Davidson,  
Sports Editor, Hays Daily News

When Bill Morse was hired as head basketball coach at Fort Hays State University April 1, 1982, he knew he faced an enormous rebuilding chore.

The Tigers had won only nine of 30 games the year before and had been wracked by controversy until a week before the start of the 1981-82 season.

But Morse wasn't worried. He had a plan for restructuring the once-mighty Black and Gold and hit the recruiting trail to find the players who would follow his blueprints.

Just 11 incredible months later, Morse's reconstruction of the Tiger basketball program was complete years ahead of schedule and at a plateau no one ever dreamed possible.

FHSU stormed through the rugged Central States Intercollegiate Conference unbeaten with a 14-0 record, the first team in CSIC history to finish with an unblemished mark.

The Tigers also captured the District 10 championship, downing arch-rival Marymount 76-73 in a wild title slugfest at Gross Memorial Coliseum. The victory was FHSU's third over the Spartans during the 1982-83 season.

FHSU's season, however, was far from over. Four victories and one loss later in Kansas City's Kemper Arena during the NAIA National tournament left the Tigers with a school-record third place finish. One of the victories was a memorable, 85-76 win over the highly-touted Chaminade (Hawaii) Silverswords-conquerors of Ralph Sampson and the Virginia Cavaliers, earlier in the season in the tourney's consolation game.

The win over Chaminade left FHSU with a school-best 32-4 record. The miraculous year also earned the Tigers several individual honors.

Forward Nate Rollins was named a third-team NAIA All-American and was named to the All-CSIC first team along with center Rege Klitzke. Rollins was also named the league's Player of the Year and Newcomer of the Year.

Morse was named CSIC, District 10, Kansas College Coach of the Year, and NAIA Area 4 Coach of the Year. Point guard Raymond "General" Lee was chosen Freshman of the Year and given the NAIA tournament's hustle award. He and Rollins were also named to the NAIA all-tournament team.

Rollins and Klitzke were also chosen to the All-District 10 team.

"It was an amazing thing that happened," Morse said. "The circumstances were right for us to have a great year. We had great talent but struggled early."

"We snuck up on people. Most people didn't think we were that good until late in the year. We had a lot of young kids who got some success early and matured. One person said we had inside power and outside quickness. I think that says it best."

"We can have a better team and not do as well. We've got three good recruits and some good returning players. But that doesn't mean we'll have the same chemistry. That may have been a once in a lifetime thing."

On paper, the Tigers do appear to be better than last season.

Six of last year's top seven players return, including four starters. Only Klitzke, the team's tall, quiet force in the middle, is gone taking his 12.3 scoring and 7.9 rebounding averages with him.

Leading the group of returning starters is Rollins, a 6-7 senior, who averaged 20 points and 11.7 rebounds last year, and Lee, who scored 13 points a game and guided the FHSU offense and defense.

Lee drove the opposition crazy with his quickness and slick ball-handling. The 6-0 sophomore from Detroit ended the season with 237 assists - an average of 6½ a game.

Lee's backcourt mate, sophomore, Reggie Grantham who was the teams designated long-range shooter, is back after pumping in 14.8 points per outing.

Forward Willie Shaw, a 6-5 senior who reported to pre-season workouts 20 pounds lighter, returns after scoring 11 points and grabbing 8.3 rebounds a game last year.

Two sophomores-to-be who were reserves last season but saw considerable action are also back - forward Joe Anderson and guard Ron Morse.

Anderson, the team's slender 6-5 super-sub, averaged 6.6 points and four rebounds a game. Morse averaged two points a game but played well late in the season. Junior guard Mike Decker and 6-8 senior center Tom Wilson also return after seeing limited duty last season.

Depth has always been a key element in Morse's basketball scheme and the 1983-84 Tigers appear to have plenty.

Morse has recruited three players that bring impressive credentials with them. All three will push for starting roles throughout the season.

Tim Vanda, a 6-5 forward from Mesa (Ariz.) Community College, has returned to FHSU. Vanda signed with the Tigers last year but left school before the season started.

"Tim is an outstanding forward," Morse said. "He's a solid player who's a good shooter and outstanding defensive player. He would have been a starter last year."

Vanda was a Juco honorable mention All-American selection his sophomore year at Mesa.

Joining in the fight inside will be 6-7 junior Dan Lier, a transfer from Pensacola (Fla.) Community College. Lier, who is being touted as a power-forward, originally signed with Toledo University before moving to Pensacola. His is a native of Gladwyn, Mich.

The Tigers third recruit is 6-5 junior forward Edgar Eason, who comes to FHSU after spending two years at Southern Mississippi. Eason is a former high school All-American from Tuscaloosa, Ala., and was a starter his sophomore year at Southern Miss.

"Edgar is a super recruit," Morse said. "He is strong, quick and talented. He could play any position on the court."

Former Thomas More Prep-Marian High standout Daryl Befort, a 6-6 forward who has been at Hutchinson Community College the past two years, also joins the squad this year.

"We felt at the national tournament and on our trip to Colorado (last April) that we would have done a better job if we hadn't been so thin. We recruited depth."

Morse will be assisted this season by former Beloit-St. John High, Pratt Community College and Southern Mississippi standout Greg Lackey. Lackey replaces Marc Comstock, who is now an assistant coach at Cumberland College (Ky.)

Former Benedictine College standout Mike King will also help out as a graduate assistant coach.

"The whole group has shown a more workman-like attitude," Morse said. "The guys are settled in this year. Everyone was trying to learn a new system and adapt to a new program, and we still won 32 games."

"We should be better this year. We know what we're doing and what's expected. Whether we're as hungry is the question."

"If we play good basketball, play hard and stay healthy, we could be good."

You won't want to miss the season opener November 16th.

**Adding a staff of  
ten thousand top notch  
sales representatives is  
neither difficult  
nor expensive ...**

**... let us show you how!**

Your advertising reflects your business. Each ad, brochure or promotional acts as a salesman for you. Therefore, all your printed work should reflect your company's image ... with positive results!

Each time you place an ad or mail a promotional piece, you're sending out a first-rate salesman who is delivering your message ... and that salesman costs just a few cents! There's no training period required, no benefit plan, and no sick leave to worry about.

Where do you go to find this staff of low-cost sales "professionals"?

**At Consolidated Printing,  
we have the answer ...**

We are your creative designers  
and quality printers

— both for a sensible price.

# GO WITH A WINNER

## THE OLYMPIAN MAGAZINE

brings you what no other sports magazine in America can. It brings you the inside story on America's Olympic athletes and the preparations for the 1984 Olympic Games, inside and out. You can find out who the Olympic hopefuls are, and what they are doing to get ready for the Run for the Gold in '84.

The World comes to Los Angeles in 1984, and the U.S. Olympic Committee is working day and night to prepare the finest Olympic Team in the nation's history. Thousands of young men and women are training and sacrificing their time and efforts to attain the highest goal in all of sport, an Olympic gold medal.

You can become part of all of this by becoming a member of the U.S. Olympic Society and supporting the U.S. Olympic Committee. You'll receive ten issues of The Olympian, the official, full-color publication of the USOC, during the next year, too.

Your subscription will help to train those American youngsters who have their eyes trained on the 1984 Olympic Games, and help the U.S. Olympic Committee with its job in getting them ready for that effort.

Fill out the coupon in this advertisement and return it with your check for \$19.84 to the USOC, and we'll begin your subscription to The Olympian right away.

Best of all, you'll know you can play a part in helping the United States to Olympic gold in 1984!

### CLIP AND MAIL WITH YOUR CHECK TODAY

# National Association of Intercollegiate Athletics

The National Association of Intercollegiate Athletics (NAIA) is a completely autonomous association, currently administering programs of intercollegiate athletics at 530 fully-accredited colleges and universities of moderate enrollment. The fundamental tenet of the NAIA is that intercollegiate athletics is an integral part of the total educational program of the institution. This belief is strongly reflected in the governing documents, activities and organizational structure of the Association.

## HISTORY AND PURPOSE

Established in 1940 as the National Association of Intercollegiate Basketball (NAIB), the NAIA emanated from a "National Small College Basketball Tournament" inaugurated in 1937 in Kansas City, Missouri. The conversion of the NAIB to the NAIA came in 1952 when the organization expanded beyond just basketball and added national championship events in golf, outdoor track and field and tennis. Football, cross country, baseball and swimming were added to the championship event calendar in 1956, and wrestling (1958), soccer (1959), bowling (1962-78), gymnastics (1964), indoor track and field (1966), ice hockey (1968) and volleyball (1969-1980) were later additions.

Of major significance to the NAIA, was the establishment of the women's division within the Association on August 1, 1980. The NAIA decision to offer competitive opportunities and championships in women's athletics was passed by the membership following two years of study and proposals by an ad hoc committee on the implementation of a women's division into the NAIA structure. Currently, the Association conducts nine championship event programs for women in the sports of basketball, cross country, gymnastics, indoor track and field, outdoor track and field, softball (fast pitch), swimming, tennis and volleyball.

The initial purpose of the NAIA — to provide national championship athletic opportunities to institutions below the so-called "major" level — has indeed been well served. The Association clearly outlines its own responsibilities and those of its members: a sound athletics program, administered and controlled by those responsible for the administration of the institution. This means direct supervision in caliber of competition, financing of the program and taking steps to assure that financial assistance is made available only through the institution and under the same general policies as aid to all students. In short, the basic premise is that the athletics program is a basic component of the overall general educational process and not an entity apart.

## ADMINISTRATION

The governing body of the NAIA is the National Executive Committee, composed of 10 persons elected by the membership. The Executive Committee is responsible for establishing the policies and determining the overall direction of the Association. The Executive Committee hires the Executive Director, who conducts the business and day-to-day operation of the National Office headquartered in Kansas City, Missouri.

The District is the basic unit of the NAIA. The Association is organized into 32 geographical districts spread over the 50 states and a part of Canada. Each District is governed by a District Executive Committee, the chief officer of which is the District Chair. The District Executive Committee establishes a program of championship events in various sports and individual/team champions of those district events are qualified to compete in NAIA Area and National Championship competition.

Eligibility rules within the NAIA govern all play in all sports recognized by the Association, not just post-season play. All eligibility guidelines must be adhered to by all members, including those holding dual affiliation with other associations. Certification of eligibility of all NAIA student/athletes is accomplished through a network of individuals which includes the faculty athletic representative of each institution, the District Eligibility Chair and the National Eligibility Committee.

## MEMBERSHIP

Any four-year college or university and upper level two-year institution in the United States and Canada which awards the bachelor's degree or equivalent, may hold active NAIA membership. Active member institutions must be fully accredited by an appropriate accrediting agency or commission.

## OBLIGATION OF MEMBERSHIP

Member institutions must conduct their intercollegiate athletic programs with the standards of the regulatory Associations in which they hold membership, and the NAIA. They must pay their annual membership dues and be in support of the policies of the NAIA. Where institutional rules and standards are stricter than those of the regulatory group or the NAIA, those rules and standards of the institution are recognized and supported by the NAIA.
